VISTEON Poland S.A.
46-320 Praszka
ul. Kaliska 72

Since 1996 Etisoft Company works as an authorized and preferred converter for thermal transfer label foils for 3M products in Poland.

Etisoft possesses a suitable high-quality installations, and large experience in converting our products. This Company conducts consulting service by introduction of appropriate products, taking into account application conditions and technical requirements.

It also deals with the assortment of printing equipment and thermo transfer ribbons.

Etisoft Company is a solid and good partner of 3M Poland Ltd. Company.

We recommend Etisof as a competent and prompt-doing company.

The know-how and technical knowledge (also in very advanced applications) of 3M advanced films for thermo transfer printing gives The Etisoft Company an opportunity to provide a full service in the field.

With best regards

Radosław Kaskiewicz
Sales Manager
Industrial Tapes and Adhesives
